Case Study

Challenge - No time for manual work and going international

PBN is always looking for innovation in their marketing. They had heard a lot about AI, but they weren't sure how to use it for their marketing purposes.

PBN is often found through word of mouth, but they would also like to see an increase in online inquiries.

WP SEO AI's - Approach

WP SEO AI developed a data-driven topical cluster strategy focused on all questions and search intents related to company outings, meeting room rental, business trip to the Ardennes, company festivals and teamdbuilding.

We delivered 20 SEO-optimized blogs a month to create a strong foundation. Our tracking and testing features allowed us to analyze which articles generated traction and engagement, enabling continuous optimization. We started from a broad perspective and went more and more narrow during the process.

WP SEO AI's - Impact
