Beating giants in the B2B accounting market

Moneybee, a 6-person accounting firm, competes with national giants. They asked us to win new clients online —without a full-time marketing staff.

What we did

- **Track trends —** Found finance questions business owners search on Google.
- **Publish expert answers — 20+** SEO posts monthly (e.g., ‘payroll administration’).
- **Refine monthly —** Update winners, improve laggards.
