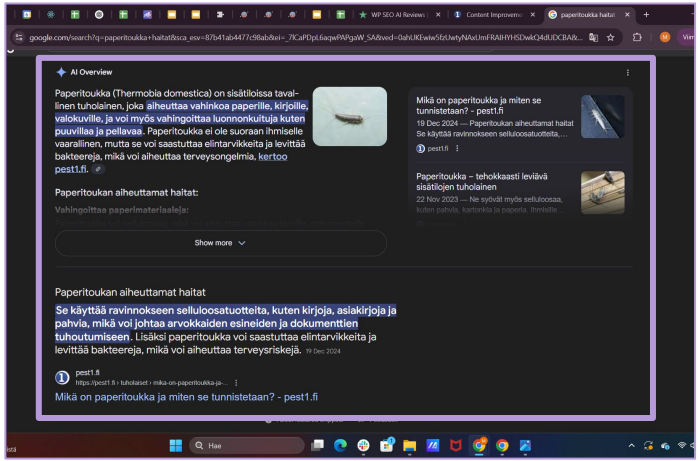
From Hidden to #1: Organic Traffic Quadrupled with 339% Growth

Pest1, a pest control business, struggled with online visibility. Despite knowing search was critical, they lacked the time and SEO expertise to act. They partnered with us to transform online searches into booked pest assignments.

What we did

- **Content around common pests:** Comprehensive guides for typical house pests in Finland.
- **Publish expert answers —** Timely SEO-driven blog content addressing seasonal pest issues and common homeowner challenges.



Before wasps could ruin summer picnics or rodents invade for winter, Pest1 was already visible and ready
(in AI overview and #1)
