SALON KLIPSI

Now ranking #1 in Google

Salon Klipsi saw clients Googling—but lacked time and SEO know-how. They asked us to **turn searches into bookings**.

What we did

- **Track trends —** Found the real questions clients ask on Google.
- **Publish expert answers —** post SEO blog posts each month that answer those questions.

  10 articles, now > **20** per month
- **Refine monthly —** Update winners and optimise laggards to stay ahead.
