

Energy-Check

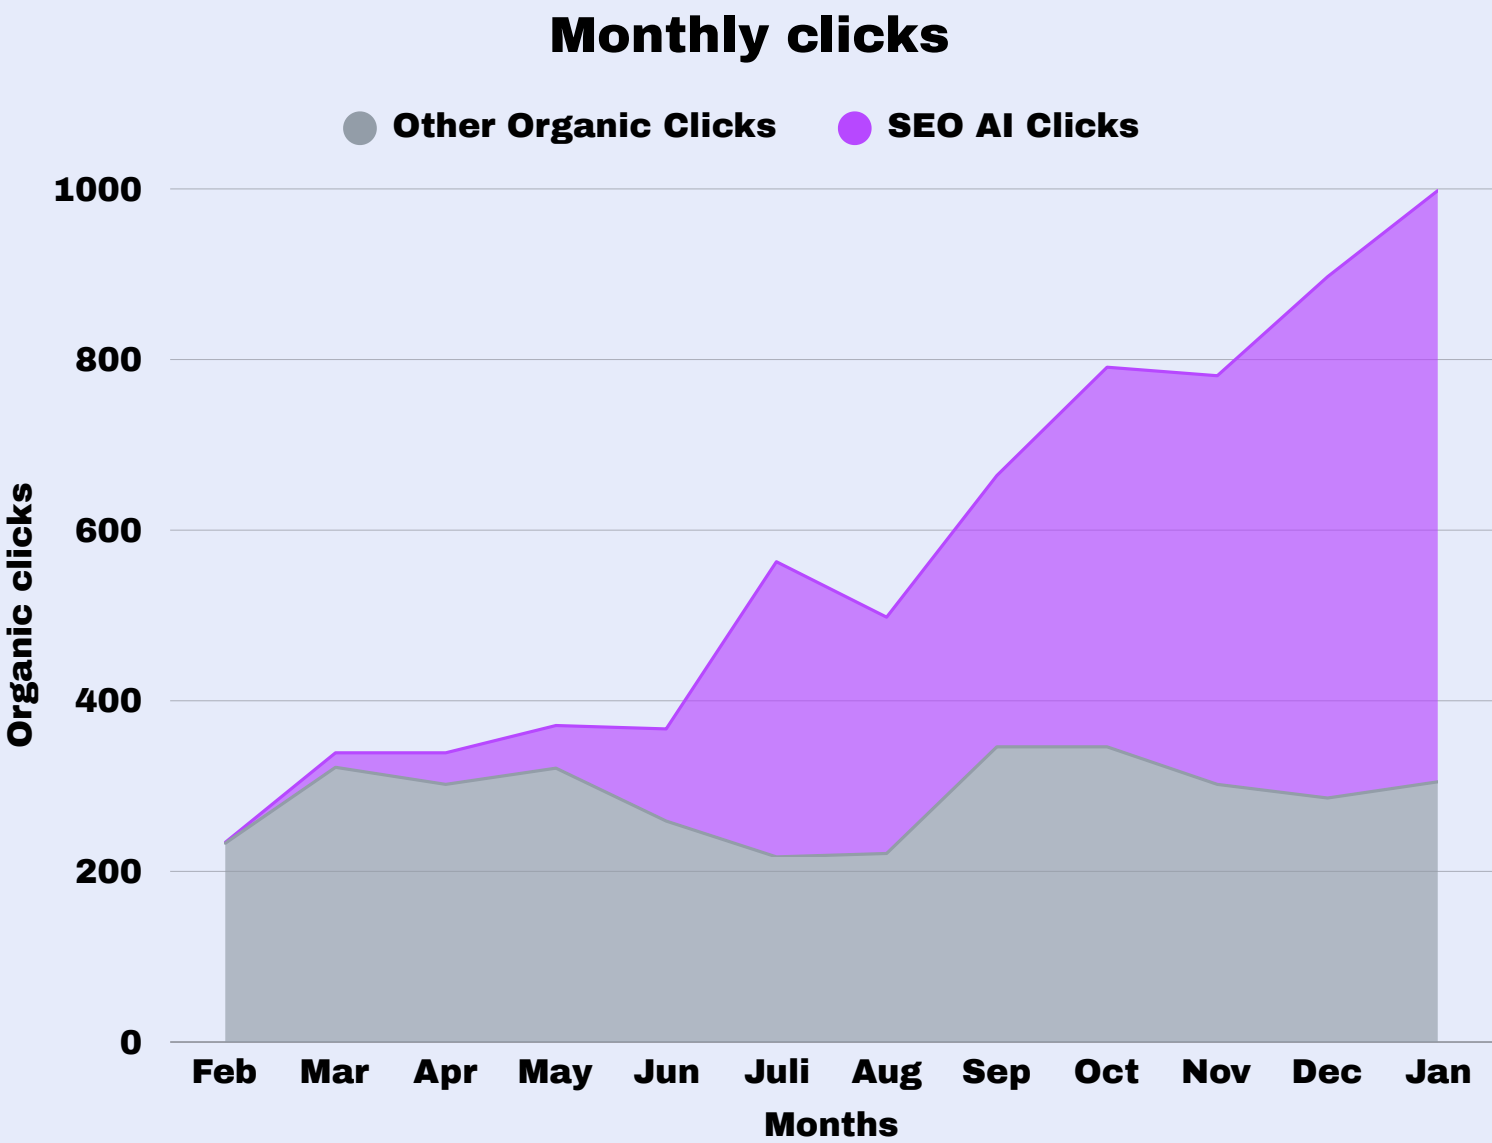

From Hidden to Spotlight: Organic Traffic Doubled with 141% Growth

Energy-Check, an independent energy consultancy for organizations, struggled to appear in search results. Before high bills became the norm, Energy-Check was already helping businesses take control of their energy.

Without the time or expertise to manage SEO, they partnered with us and turned search visibility into new consulting clients.

“SEO success is built on consistency and quality - WP SEO AI delivers both seamlessly”

Idriss, Co-owner Energy-Check

Challenge - No time for manual work

Energy-Check started working with WP SEO AI in February 2025 with a clear goal in mind: to move towards a more automated way of working. Managing SEO and content manually was time consuming and did not deliver the level of results they were aiming for.

By automating their SEO and content workflows, Energy-Check is now able to focus on growth instead of repetitive tasks, while continuing to build consistent and scalable online visibility.

WP SEO AI's - Approach

WP SEO AI focused on generating content around energy topics. Through this, there was clear guidance for businesses on energy efficiency, procurement, and subsidies.

The content delivered expert insights through SEO-driven articles providing practical guidance, cost-saving strategies, and clear explanations of funding opportunities.

WP SEO AI's - Impact

SEO AI content generated 3,382 clicks in 12 months, growing rapidly from just 1 to 693 monthly clicks

The content gained traction quickly, scaling to 346 monthly clicks within the first 6 months

Our content contributed 69% of all organic clicks in January, becoming the company's primary source of organic traffic

Their content now appears in Google AI Overviews, significantly increasing visibility and bringing in highly relevant visitors from AI-driven search results

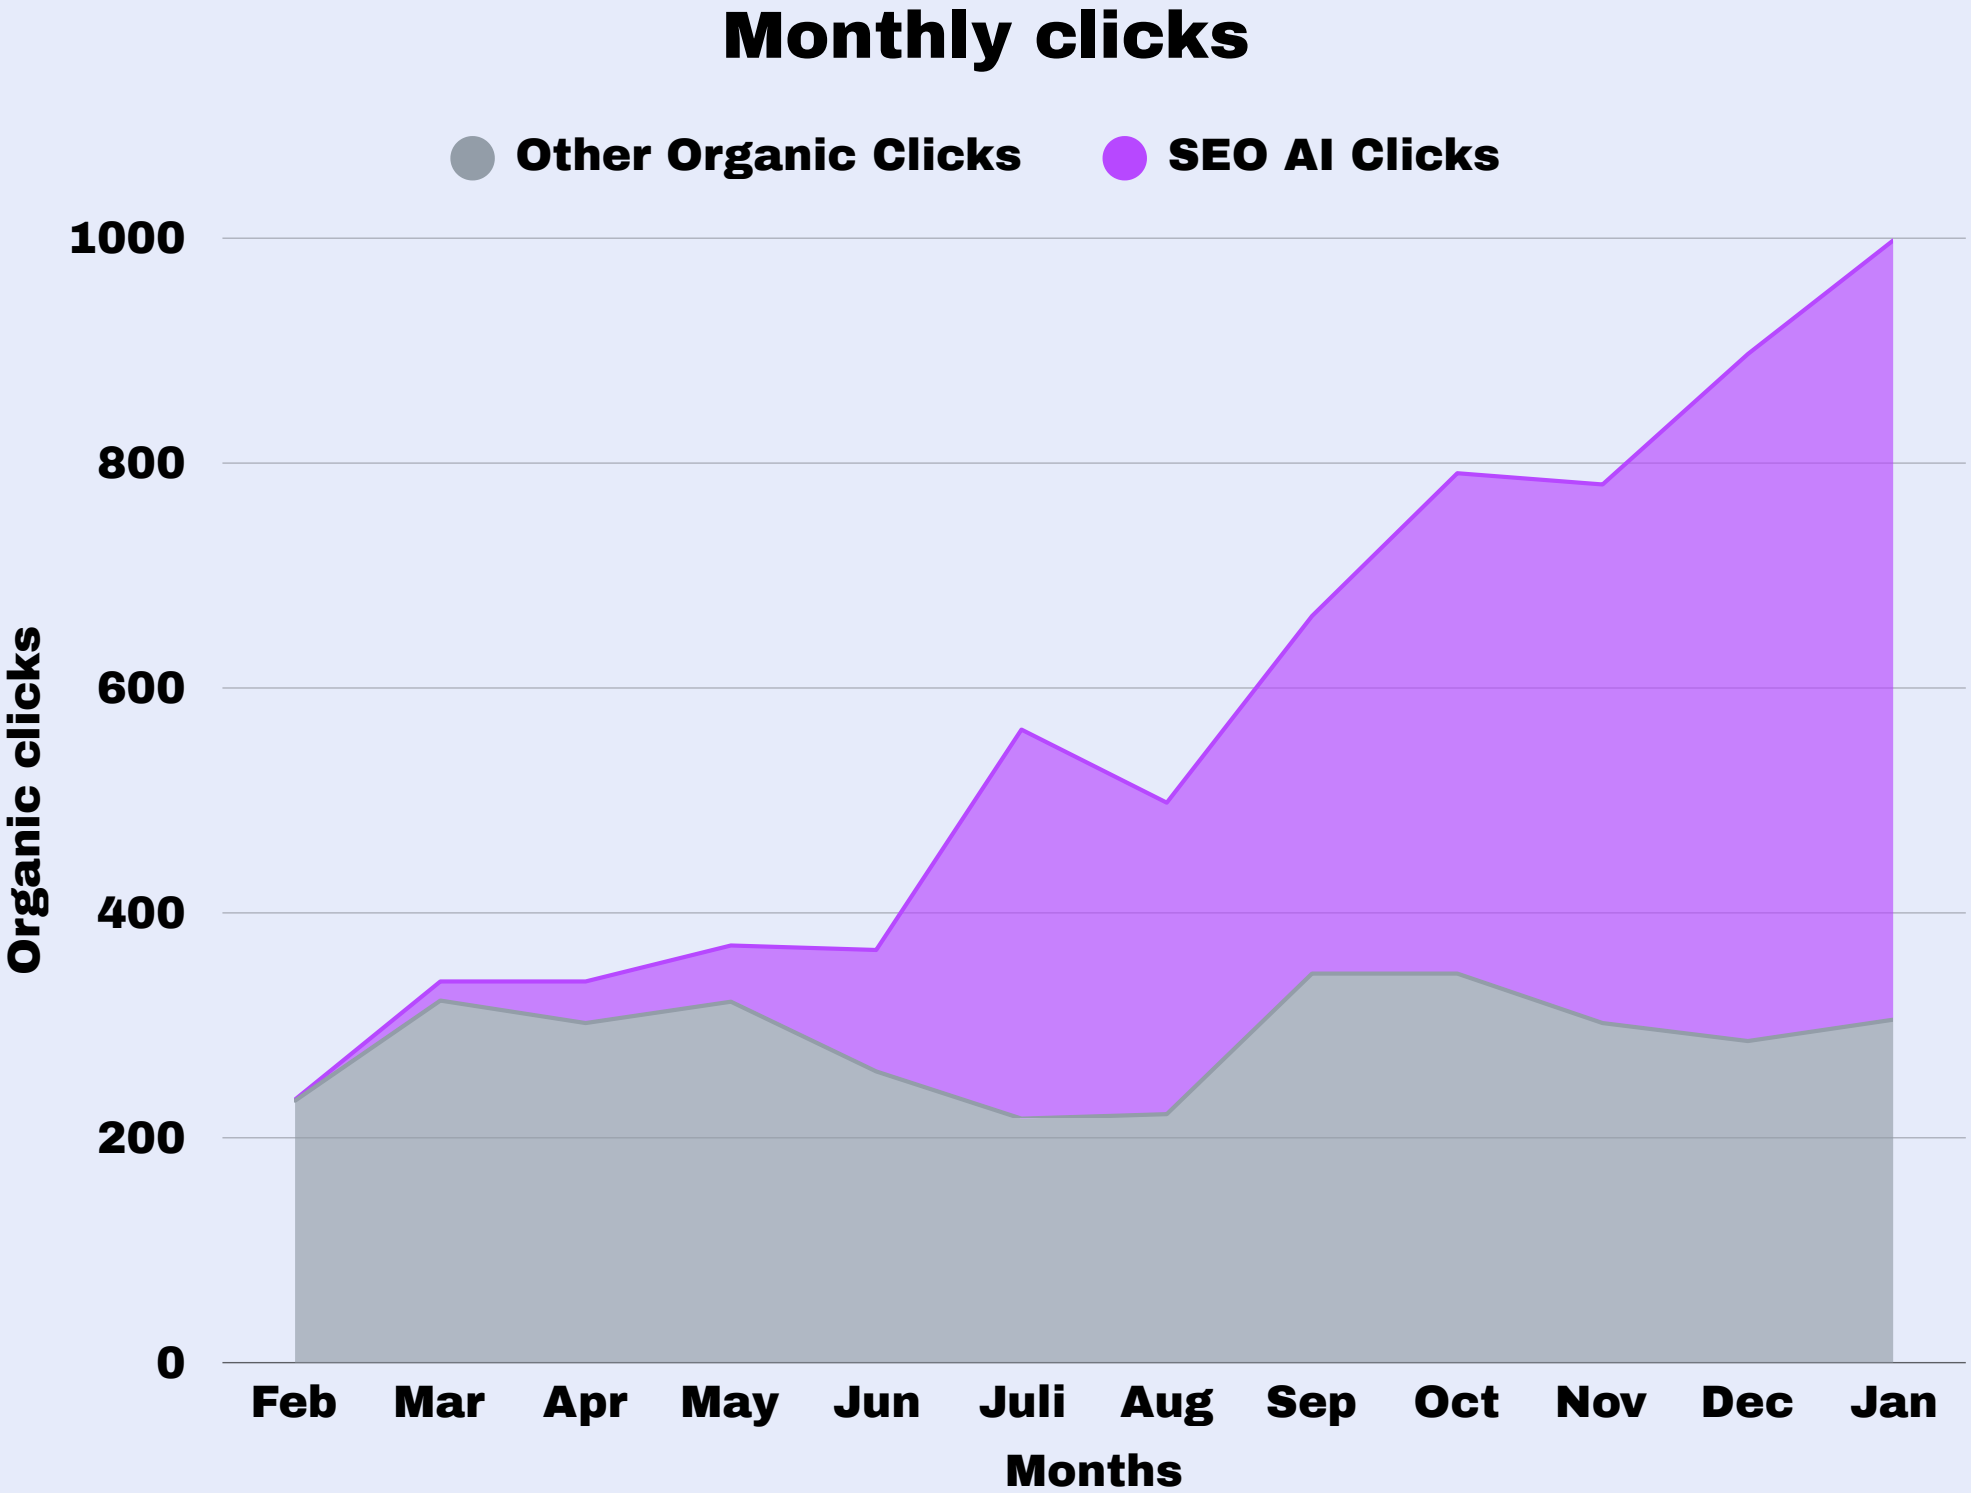

Content surged from 1 to 346 monthly clicks within 6 months
